PROFESSIONAL EXPERIENCE

Campus Ambassador

GeeksforGeeks Intern | Aug 2023 - Present | Ongole, India.

- Conducted workshops and seminars to enhance coding skills and introduce students to new technologies.
- Successfully organized coding competitions, fostering healthy competition and skill development among peers.
- Facilitated easy access to the GeeksforGeeks portal for students, promoting a culture of continuous learning and skill enhancement

IIT Bombay Campus Executive

E-Cell, IIT Bombay Jun 2023 - Jan 2024 | Ongole, India

- Collaborated with the IIT Bombay team to organize workshops and seminars on campus.
- Assisted in promoting events and activities to increase participation and engagement among students.

PROJECTS

College Event Portal

- Developed a comprehensive event portal to address the challenge of disseminating information about upcoming events to students within and outside the college.
- Implemented a chat assistant feature using HTML, CSS, JavaScript, and ChatGPT to provide users with quick responses to queries and facilitate interaction with the portal.
- Integrated IBM WatsonX for advanced chatbot functionalities, enhancing user experience and engagement.

Fan Film Zone

- Developed a comprehensive web application designed for movie enthusiasts to explore detailed information about their favorite films, with a special feature dedicated to the blockbuster movie Baahubali.
- Events: Key scenes and moments
- Songs: Lyrics and videos
- Cast & Crew: Actor and crew details
- Gallery: Images and posters
- Responsive Design: Used Bootstrap
- Interactive UI: JavaScript enhancements
- Modern Styling: HTML5 and CSS3
